In response to Notice of Allowance mailed September 28, 2007 and in conjunction with the filing of a Request for Continued Examination, and a Petition for Withdrawal from Issue, please amend the specification as indicated above. Claims 1-28 remain in the application. No new matter has been added. Entry of these amendments, and re-consideration of the application, as amended, are respectfully requested.

II. CROSS REFERENCE TO RELATED APPLICATIONS

Upon review of several cases in light of upcoming rule changes at the United States Patent and Trademark Office, Applicants attorneys noted that several cases may be related to the present application. In order to comply with the new rules and with other requirements, such cases have been identified without incorporating the related cases by reference. Hence, no new matter has been added.

The Examiner is encouraged to review these cases for related art and actions, although Applicant believes that all art and publications material to patentability to the present application has been cited during prosecution of this application.

As the issue fee for this application has been paid, this Preliminary Amendment and related Request for Continuing Examination is filed in conjunction with a Petition for Withdrawal from Issue.
